# ***Unwrapping the Treasures of Southern Tunisia***

*I'm not sure you can find a more hospitable and helpful place. I have been amazed, and continue to be amazed every day at the sweetness of the people. If I didn't already live here, I would want someone to tell me that I absolutely MUST come.*

*Djerba and Southern Tunisia will leave an impression on you. It will inspire you to make a positive difference when you return home. You will be filled with the goodness of those you meet, and want to return that goodness to others.*
